It is a combination of the healing properties of Witch Hazel with antiseptics and emollients; relieves and permanently cures blind, bleeding, itching and protruding piles, sores, cuts, bruises, eczema, salt rheum and all skin diseases. Grant Holden.

### Fargo.

The dance given by Robert Rands New Years eve, December 31st, was quite largely attended, the music was fine and the supper served at Hotel Fargo was excellent. Everybody present reports a good time.

Ray Bush is spending the holidays with his parents.

Richie Kilgus and wife, of Bay City, are visiting their parents and friends.

Jeff Barry is home from his hunting trip.

Mrs. Tucker, son and daughter are visiting friends in and about Fargo.

### Don't Worry.

This is easier said than done, yet it may be of some help to consider the matter. If the cause is something over which you have no control it is obvious that worrying will not help the matter in the least. On the other hand, if within your control you have only to act. When you have a cold and fear an attack of pneumonia, buy a bottle of Chamberlain's Cough Remedy and use it judiciously and all cause for worry as to the outcome will quickly disappear. There is no danger of pneumonia when it is used. For sale by Grant Holden.

### Avoca.

Mrs. N. E. Oatman was at Port Huron Tuesday.

The brick yard is no small institution for the town. First-class brick is turned out which finds ready sale.

The creamery has done a good business since it started. They are running every other day now.

A pickle factory is promised for our town. If a sufficient number of acres can be secured it is an assured fact.

Hotel Norway is doing a steady paying business. N. E. Oatman is a very accommodating landlord and keeps his house in good order.

Frank Lennon, druggist, has a full line of drugs and patent medicines and his friends will be pleased to learn that he is prospering.

C. W. Locke, Hill & Wadsworth and E. A. McPhail & Son, general merchants, carry first-class stocks and enjoy their share of the trade.

Frank Putney and F. E. Montney, of Yale, were in town Monday with a view of purchasing the general stock of Sherman Moore. No deal has been made as yet.

The grain elevator owned by W. C. Bricker and Hill & Wadsworth are buying considerable grain and hay of late,

but are compelled to store a good deal on account of a scarcity of cars.

Sherman Moore, one of Avoca's solid merchants, reports business as being first-class. He handles large stock of general merchandise, hardware, harness, whips, buggies, cutters and implements.

Our town should have a meat market, and possibly may have one soon.

James Armstrong is an experienced butcher, at least one would think so the way he went at cutting up a quarter of beef Tuesday in Sherman Moore's store. It took a man and two young ladies to hold the quarter while Jim did the sawing and cutting. Hamburg, sirloin, porter house, shanks, stew, etc., were on sale.

The new bank is a helpful institution to the business of our hustling town. Mr. Andreas is well pleased with the encouragement he has received since he started. The business men all have commercial deposits and the citizens are taking an interest in its welfare. Chas. Andreas, the cashier, is a very accommodating young man and a pleasant person to deal with. The building, which is of brick, is solidly built and the interior has every modern convenience. Success to the new institution.

### A SCIENTIFIC DISCOVERY.

Kodol does for the stomach what which it is unable to do for itself, even when but slightly disordered or over-loaded. Kodol supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles of that organ are allowed to rest and heal. Kodol digests what you eat and enables the stomach and digestive organs to transform all food into rich, red blood. Grant Holden.

### From a Friend.

South Butte, Mont., Dec. 22, 1902. 1206 George street.

EDITOR EXPOSITOR.

This day I have mailed to your office a copy of the Butte Miner (Christmas Edition) and a copy of to-day's Standard, thinking perhaps that you might wish to read some of the comments of the four-round sparring match between Champion Jeffries and Jack Munroe. I will send my subscription to your paper in a day or two.

Oh yes! I can't close this letter without telling you that Senator W. A. Clark sends to each of his employees a turkey for Christmas. Mine happened to come along to-day. Each and every man, whether employed in the mines, the smelters or the street cars, gets one each. For the past two weeks the sulphur smoke from the smelters has been so strong at night that when you go up to the business portion of the city you hear nearly everybody coughing. It would almost make you think you were in that place of torments. When there is a slight breeze blowing, or the atmosphere is clear and bright we are not bothered with it. Some people become real healthy living here while others cannot stand it at all. A merry Christmas to you.

Yours truly,

Charles Gerken.

For sale by all Druggists of Yale.
